CURRENT LIST of MEDICAL LITERATURE

Vol. 14 February 6, 1948 No. 5

SUBJECT GROUPS ACCORDING TO JOURNALS

* 1. Anatomy; Histology
2. Anthropology; Ethnology
3. Archeology; Paleontology
4. Aviation Medicine
* 5. Bacteriology; Parasitology
* 6. Biology; Embryology
7. Bone; Joint; Extremities; Muscle
8. Cancerology
* 9. Cardiovascular System
*10. Chemistry; Physics
*11. Dentistry; Stomatology
*12. Dermatology
13. Diagnosis; Clinical Methods
14. Dietetics; Foods; Nutrition
15. Digestive System
*16. Endocrinology
17. Forensic Medicine; Toxicology
18. Genetics; Eugenics
*19. Gynecology; Obstetrics
*20. Hematology
*21. History; Biography; Bibliography
22. Homeopathy; Osteopathy, etc.
*23. Hospitals
24. Immunology; Serology
*25. Industrial Hygiene; Sociology
* 26. Infectious Diseases; Epidemiology
* 27. Medicine
28. Metabolism
* 29. Military and Naval Medicine
* 30. Miscellaneous
* 31. Neurology; Psychiatry
32. Nursing
* 33. Ophthalmology
* 34. Otorhinolaryngology; Phoniatry
* 35. Pathology
* 36. Pediatrics; Ghild Welfare
37. Pharmacology; Pharmacy
* 38. Physiology
* 39. Psychology; Mental Hygiene
* 40. Public Health; Sanitation
* 41. Radiology; Phototherapy
42. Respiratory System
* 43. Surgery; Traumatology
44. Therapeutics
45. Tropical Medicine
46. Tuberculosis
47. Urology
48. Venereal Diseases; Sexology
49. Veterinary Medicine
50. Zoology

THE ARMY MEDICAL LIBRARY

Washington, D. C.

The CURRENT LIST OF MEDICAL LITERATURE is for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C. Price: $3.00 per year ($3.75 foreign); 10 cents per single copy. All communications regarding subscriptions should be addressed to the Superintendent of Documents.

Published weekly by the ARMY MEDICAL LIBRARY 7th Street & Independence Av., S. W., Washington 25, D. C., as an intraservice publication of the Department of the Army. Lists all articles of medical interest contained in current journals received. Subject index provided monthly. Exchange invited.

CURRENT LIST OF MEDICAL LITERATURE
Vol. 14, No. 5 February 6, 1948

1. Anatomy; Histology

Am. J. Anat., 1948, 82: No. 1 (Jan.)

SPRAGUE, J. M. A study of motor cell localization in the spinal cord of the rhesus monkey. 1-26.
BOYDEN, E. A., & SCANNELL, J. G. An analysis of variations in the bronchovascular pattern of the right upper lobe of 50 lungs. 27-73, incl. 8 pl. tab.
BAKER, B. L., INGLE, D. J. The effect on liver structure of treatment with adrenocorticotropin under varied dietary conditions. 75-103, incl. 4 pl.
ANDREW, W., & ANDREW, N. V. Age changes in the deep cervical lymph nodes of 100 Wistar Institute rats. 105-65, incl. 9 pl.

J. Morph., 1948, 82: No. 1 (Jan.)

DILLER, W. F. Nuclear behavior of Paramecium trichium during conjugation. 1-51, incl. 10 pl.
WHITE, M. J. D. The cytology of the Cecidomyidae (Diptera) the salivary-gland chromosomes of several species. 53-80, incl. 2 pl.

5. Bacteriology; Parasitology

Phytopathology, 1948, 38: No. 1 (Jan.)

MILLER, V. L., JOHNSON, F., & ALLMENDINGER, D. F. Fluorine analysis of Italian prune foliage affected by marginal scorch. 30-7.
NEWHALL, A. G., & LEAR, B. Soil fumigation for fungus control with methyl bromide. 38-43.
NIENOW, I. The identification and characterization of a virus causing mosaic in Mertensia virginica. 62-9.
TEXERA, D. A. Production of antibiotic substances by fusaria. 70-81.
SZKOLNIK, M. Antagonistic activity of a species of Actinomyces against Ceratostomella ulmi in vitro. 85-7.

6. Biology; Embryology

Biol. Bull., 1947, 93: No. 3 (Dec.)

CHADWICK, L. E. The respiratory quotient of Drosophila in flight. 229-39.
WEISS, C. M. The effect of illumination and stage of tide on the attachment of barnacle cyprids. 240-9.
SANDOZ, M., & HOPKINS, S. H. Early life history of the oyster crab, Pinnotheres ostreum (Say) 250-8, incl. 3 pl.
DAN, K. Electrokinetic studies of marine ova; effect of pH-changes on the surface potentials of sea-urchin eggs. 259-66.
DAN, K. Electrokinetic studies of marine ova; the effect of salts on the zeta potential of the eggs of Strongylocentrotus pulcherrimus. 267-73.
DAN, K. Electrokinetic studies of marine ova; relation between the zeta potentioa and adhesiveness of the cell membrane of sea-urchin eggs.
el-TOUBI, M. R. The development of the spiracular cartilages of the spiny dogfish, Acanthias vulgaris (Squalus Acanthias) 237-95.

Boll. Soc. ital. biol. sper., 1947, 23: No. 3 (April)

HERLITZKA, A. Meccanismo fisico-chimico della contrazione muscolare. 153-67.
RUFFO, A. Un nuovo aspetto chimico della contrazione muscolare. 168-205.
RANZI, S. Proteine filamentose e determinazione embrionale. 206.
VACIRCA, F., & CIOCCA, B. Sull'endosubtilina di H. R. Olivier. 207.
VACIRCA, F. Lisi delle colonie batteriche da aminoacidi e da estratti batterici. 208.
MASERA, A. Potenziale ossido-riduttivo del terreno e decorso della lisi delle colonie batteriche da aminoacidi e da estratti batterici. 209.
AMATI, A. Grandezza della carica batterica, peptoni e decorso della lisi da aminoacidi e da estratto di subtilis. 210.
COLOMBO, C. Temperatura di incubazione e decorso della lisi delle colonie batteriche da aminoacidi e da estratti batterici. 212.
MORUZZI, G. Il sonno del piccione scerebrato. 213.
CAVALLINI, G. Un nuovo derivato stilbenico iniettabile per via endovenosa. 214-6.
GOISIS, M., & GNOCCHI, G. Associazione della colesterina ad estrogeni. 217-9.
GOISIS, M. Azione farmacodinamica di un novo derivato idrosolubile del diossistilbene (idroestril) 219.
GIACOMELLI, V., & GOISIS, M. Sulla possibilità di ricupero radiochirurgico del carcinoma mammario oltre i limiti della curabilità mediante il tratamento con derivati stilbenici. 221.
BISCEGLIE, V. Il diabete da allossana; il glicogno epatico e muscolare nei ratti con diabete allossanico. 221-3.
BISCEGLIE, V. Il diabete da allossana; il contenuto in aneurina del fegato di ratti con diabete allossanico. 224.
SILIPRANDI, N. Ricerche sul diabete allossanico; il diabete allossanico nella scimmia. 225-7.
BOCCHIOTTI, S., & ORUNESU, M. Modificazioni dell'allossana per opera di aminoacidi in vivo ed in vitro. 227.
DOMINICI, G. Meccanismo regolatore della glicemia. 228-30.
CIMINO, S. La produzione di catalasi da parte dei microviventi in rapporto all'età delle culture. 230-2.
CIMINO, S., & CIMINO, G. Prime osservazioni sull'azione della penicillina sull'attivita catalasica dei microviventi. 233.
PERETTI, G. Liberazione di sostanze attive o liberazione di metaboliti da lavoro per stimolazione elettrica diretta del cuore in Bufo vulgaris? 235.
PERUZZI, P. Bioregolatori e mediatori chimici. 236-8.
BOERI, E., & VESCIA, A. La curva di dissociazione dell'ossigeno della ossiemoglobina in presenza di carbossiemoglobina. 238-40.
VANNINI, E. Effetti dell'acetato di desossicorticosterone sullo sviluppo delle gonadi nell'embrione di pollo. 240-2.
MASCHERPA, P. Sulla possibilità di separare alcuni costituenti tessutali con pressioni frazionate. 242.

VILLANO, F., & d'AMBROSIO, L. Influenza dell'$NaHCO_3$ sul metabolismo di alcuni composti del ciclo citrico (ac. piruvico, ac. α-chetoglutarico, ac. citrico) nell'uomo in condizioni normali e patologiche. 243-5.

VILLANO, F., & ROTA, L. Il metabolismo dell'acido l (γ) glutammico nell'uomo in condizioni normali e patologiche. 245-7.

ENZO, L. Determinazione enzimatico fotometrica dell'acido urico nel sangue. 247-50.

BACCARI, V., & FIDANZA, F. Fattore anti-fegato-grasso e corpi creatinici, nel fegato grasso da glicociamina. 250-2.

ROSSI FANELLI, A., & GIULOTTO, L. Mioglobina umana cristalizzata; spettri di assorbimento e stabilità in ambiente alcalino della mioglobina umana. 253-5.

CAZZOLA, D., & MOSCONI, G. Studio sulle variazioni quantitative nella vagina umana dalla nascita alla senilità. 255-9.

CAZZOLA, D., & ORLANDINI, E. Sulla possibile integrazione del reinheitsgrad del secreto vaginale in funzione della flora micotica nella vagina umana. 259-62.

CAZZOLA, D., & ORLANDINI, E. Ricerche sull'eventuale rapporto fra variazioni quantitative della flora micotica e lo stato anatomo-funzionale dell'epitelio vaginale studiato mediante l'osservazione microscopica dello striscio. 262-5.

DACHÀ, U., & MORANDO, G. C. Contributi alla chirurgia del pancreas. 265-7.

DACHÀ, U. Sull'assorbimento intestinale di una frazione azotata del siero di sangue. 267.

DACHÀ, U. Sulla alimentazione con protidi negli uccelli spancreati. 269.

BOCCHIOTTI, S., BELLOTTI, M., & DE LANGLADE, E. Azione ipoglicemizzante del secreto estratto dal duodeno di uccelli. 270.

VENTURI, V. Contributo sperimentale allo studio della solfoconiugazione. 271.

MEDA, E., & ALELLA, A. Iperventilazione volontaria con aria e con ossigeno ed andamento della saturazione dell'emoglobina. 272-5.

MENZIO, P., & HAHN, R. Effetti dell'eccitamento vestibolare sul tono degli arti deafferentati. 275-7.

ROWINSKI, P. Sulle possibili cause della perdita di eccitabilità delle fibre nervose che attraversano i gangli spinali. 277-9.

NASSI, L., & RAGAZZINI, F. Sull'azione glicogenolitica adrenalinica in vitro. 279-81.

NASSI, L., & RAGAZZINI, F. Sull'azione glicogenolitica in vitro degli estratti liposolubili di timo e di milza. 282.

NASSI, L., & RAGAZZINI, F. Sull'azione glicogenolitica in vitro delle vitamine A, D, K. 284.

DI GIORGIO, A. M. Persistenza di fatti asimmetrici (da lesioni cerebellari o cerebrali) dopo il taglio del midollo in arti previamente deafferentati. 285.

DI GIORGIO, A. M. Asimmetria funzionale del midollo spinale da innervazione asimmetrica cerebrale o cerebellare; ricerche in animali curarizzati. 287.

DONATELLI, L., & BUFFONI, F. Potenziamento dell'anestesia locale operato dalla mefedina. 288.

DONATELLI, L. Azione dell'adrenalina sulla vescica urinaria in differenti condizioni funzionali. 289.

CALIFANO, L., & VILLANO, F. Acido adenosintrifosforico ed ossidazione dell'acido acetacetico nel Bacterium coli. 290-2.

CARERE-COMES, O. Sulla natura della emolisina splenica. 292.

BARGONI, N. Sulla ossidazione dell'acido piruvico nell'Escherichia coli. 293.

BARGONI, N. Sull'ossidazione degli acidi grassi superiori nell'Escherichia coli. 294.

BARGONI, N. Su rapporti di glicidi con l'attività della pepsina. 295.

LENTI, C. Sull'ossidazione dell'acido acetilacetico nell'Escherichia coli. 296.

ROBIMARGA, G. L'azione del salicilato di sodio per via intrapleurica nelle pleuriti. 297.

FABRIANI, G., FRATONI, A., & SPADONI, M. A. Studio du si un fattore antitiaminico presente nelle vongole. 298-300.

ALLARA, E. Alcuni problemi di istofisiologia della ghiandola sottomascellare studiati con il metodo della micro-incinerazione. 300.

GHINOZZI, F., & PERINI, L. Modifica alla tecnica del treno posteriore di rana alla Laewen Trendelenburg. 302.

MARTINI, V., ARDY, C., & CASTAGNETO, L. Ricerche sull'insulinoresistenza del colombo. 303.

MARTINI, V. Sui fattori dell'accrescimento e della metamorfosi delle larve di anfibi; azione del tiouracile e della lattoflavina. 305.

MARTINI, V. Sul determinismo dell'assorbimento intestinale dei glucidi; azione locale della cortina. 306.

SAVIANO, M., & DE FRANCISCIS, P. Osservazioni sul comportamento della glicemia nelle cavie trattate con allossana. 307-12.

SAVIANO, M., & LEONE, E. Azione dell'allossana in vitro sull'azota residuo del sangue di piccione. 312-5.

FORNAROLI, P., & CAPPA, G. Sull'utilizzazione del glucosio e sulla formazione di acido piruvico nel preparato muscolare sopravvivente di ratti normali e in avitaminosi B_1. 316-8.

FORNAROLI, P., & CERONI, M. Effetto della denervazione sul contenuto in vitamina B_1 libera e fosforilata nel muscolo scheletrico. 318-20.

FORNAROLI, P., & ANTONA, G. Su un' anemia ipercromica da acetilcolina nel ratto. 320-2.

RINDI, G. Comportamento del potassio nell'avitaminosi B_1. 322-4.

J. Marine Biol. Ass. U. K., 1947, 27: No. 1 (Nov.)

GURNEY, R. Some notes on parasitic Copepoda. 133-7.

WILSON, D. P. The Portuguese man-of-war, Physalia physalis L., in British and adjacent seas. 139-72, 3 pl.

---

9. Cardiovascular System

Am. Heart J., 1948, 35: No. 1 (Jan.)

MYERS, G. B., KLEIN, H. A., & STOFER, B. E. The electrocardiographic diagnosis of right ventricular hypertrophy. 1-40.

EJRUP, B. Tonoscillography after exercise in peripheral vascular disease and coarctation of the aorta. 41-57.

DRESSLER, W., & ROESLER, H. Variations in the deviations of S-T in anterior wall infarction. 58-69.

DAVIS, D. Spinal nerve root pain (radiculitis) simulating coronary occlusion; a common syndrome. 70-80.

SCHERF, D., & ROMANO, F. J. Extrasystoles in groups. 81-93.

BEATTIE, E. J., CUTLER, E. C. [et al.] The use of dicumarol in experimental coronary occlusion; the ineffectiveness of dicumarol when ligation is the method of occlusion. 94-105.
FERSHING, J., & BAKER, L. A. Clinical analysis of the S wave pattern electrocardiogram; an investigation including extensive unipolar lead studies. 106-16.
RAY, T. STAUSS, H. K., & BURCH, G. E. Angiomesohyperplasia; a generalized noninflammatory occlusive arterial disease. 117-25.
DIAZ-RIVERA, R. S., & MILLER, A. J. Rupture of the heart following acute myocardial infarction; incidence in a public hospital, with five illustrative cases including one of perforation of the interventricular septum diagnosed ante mortem. 126-33.
MILLER, R., BIBER, D., & PERELMAN, J. S. Paroxysmal auricular tachycardia at a rate of 86 per minute; report of a case. 134-9.
STEIN, M. H. Wolff-Parkinson-White syndrome in a case of congenital heart disease. 140-3.

Arch. mal. coeur, 1947, 40: No. 9-10 (Sept.-Oct.)

HANNS, A. A. L'exploration du ventricule droit par la palpation sous-sternale; le cuoc sous-sternal.
MUSSAFIA, A. Etude électrocardiographique et clinique de quelques types d'infarctus du myocarde; infarctus supra-apexien, infarctus des couches internes, infarctus des couches externes, infarctus latéral et infarctus anterolateral. 369-85.
LEGRAND, R., HOUCKE, E., & DESRUELLES, J. Aspect de pseudo-tuberculose miliaire terminant l'évolution d'une endocardite lente. 386-8.
MASSIAS, C. Gommes syphilitiques du myocarde, ventricule gauche. 389.
GONTZEA, I., & CIOCALTEU, V. Pouls alternant déterminé par un flutter auriculaire aux réponses périodiques. 391-3.
SOULIE, P., PITHON, & CHICHE, P. Cyanose congénitale traitée chirurgicalement (opération de Bialock) 394-9.

10. Chemistry; Physics

Biochem. Zschr., 1947, 318: No. 2-3

HAHN, L. Ueber die enzymatische Spaltung der Hyaluronsäure; Spaltung durch Mucopolysaccharase aus Säugerhoden. 123-38.
HAHN, L. Ueber die enzymatische Spaltung der Hyaluronsaure; Abbau zu Monosacchariden. 139-48.
HOLTZ, F., POPPER, H., & SILBERMANN, L. Wirkung der Calciumkonzentration in der Nahrung auf wachsende Ratten. 149-63.
KUSCHINSKY, G., & LANGECKER, H. Eine mercurimetrische Bestimmung des Chlorids im Harn. 164-6.
MERTEN, R. l- und d-Dipeptidasen; eine Unterschiedung und Charakterisierung dipeptidspaltender Fermente in Organauszüngen. 167-84.
MERTEN, R. l- und d-Peptidasen in den Formelementen des menschlichen und tierischen Blutes. 185-97.
STEUDEL, H. Lipasestudien. 205-10.
HÜTER, P. Zur Biochemie der Schilddrüsenfunktion; über den Einfluss des Vitamins C auf thyroxinbehandelte Kaulquappen. 211-9.
SCHULTE, K. E. Untersuchungen an synthetischen Glyceriden; lipatische Spaltversuche an synthetischen Glyceriden mit Fettsäuren mit 8-18 C-Atomen. 220-6.

KNÜCHEL, F. Die Wirkung von Thrombin auf die Stabilität von Kolloiden. 227-36.
KNÜCHEL, F. Experimentelle Untersuchungen über das Wesen der in Normalserum vorkommenden Paramäzien tötenden Substanz. 237-45.
KNÜCHEL, F. Die Wirkung von Thrombin auf die Blutkörperchensenkung. 246-50.
SCHMIDT, H. W. Ueber einen Brenztraubensäure beeinflussenden Faktor in Insulinlösungen. 251-5.
KIERMEIER, F. Die Autoxydation emulgierter Fette. 256-64.
KIERMEIER, F. Der Einfluss des Schälens auf lagernde Sonnenblumensamen. 265-74.
KIERMEIER, F. Der Einfluss des Gefrierens auf die Wirksamkeit von Fermenten. 275-96.
HANSON, H. Verdaulichkeit und Fütterungswert hochmolekularer Keratinabbauprodukte (Keratose) 297-312.
HANSON, H. Die Cystein-Cystin-Bestimmung mit Phosphor-18-Wolframsäure im Lichtelektrischen Kolorimeter nach Havemann. 313-28.
SCHNEIDER, F. Notiz uber die Merkaptobrenztraubensäure. 329.
MERTEN, R. Abwehrfermentreaktionen gegen Bakterieneiweiss und Bakterientoxin; Tuberkelbazillen- und Diphtheriebazillen-Eiweiss, Tuberkulin und Diphtherietoxin. 198-204.

Canad. J. Res., 1947, 25: No. 6 (Dec.)

PERRAULT, C. L'antagonisme de certains microorganismes envers Corynebacterium sepedonicum. C, 185-8, 2 pl.
MALOWANY, S. N., & NEWTON, J. D. Studies on stream sterilization of soils; some effects on physical, chemical, and biological properties. C, 189-208.
ALARIE, A. M., & GRAY, P. H. H. Aerobic bacteria that decompose cellulose, isolated from Quebec soils; isolation and description of the species. C, 228-41.
NEWTON, W. An indicator agar for the determination of the relative concentration of ascorbic acid in potato tuber tissue. C, 242-5, pl.
PERLIN, A. S., MICHAELIS, M., & McFARLANE, W. D. Studies on the decomposition of cellulose by micro-organisms. C, 246-58.
DIMMICK, I. Phosphorus deficiency in relation to the nitrate reduction test. C, 271-3.
BUTLER, L. The genetics of the colour phases of the red fox in the Mackenzie River locality. D, 190-215.
PAGE, E., GAUDRY, R., & GINGRAS, R. The nonavailability of lysine from the corresponding hydantoin in the rat. E, 207-9.
RIDDELL, W. A., REMPEL, J. G., & McNELLY, E. The specificity of the precipitin reaction, as used in the study of mosquito feeding habits. E, 210-5.
TOBY, C. G., & NOBLE, R. L. Effect of dietary protein on susceptibility of rats to trauma. E, 216-26.
TOBY, C. G., & NOBLE, R. L. Influence of replacement therapy on the increased susceptibility of protein-deficient rats to trauma. E, 227-36.

J. Am. Chem. Soc., 1947, 69: No. 12 (Dec.)

HORNING, E. C., HORNING, M. G., & PLATT, E. J. Morphine studies; the phenantherne unit. 2929-32.
LaFORGE, F. B., & SOLOWAY, S. B. Constituents of pyrethrum flowers; revision of the structure of dihydrocinerolone. 2932-5.

STORK, G. Sex hormones; a synthesis of 1-keto-7-methoxy-1,2,3,4-tetrahydrophenanthrene and of 1-keto-7-methoxy-1,2,3,4,9,10-hexahydrophenanthrene. 2936-9.

LONG, L. M. 8-R-thio- and 8-R-sulfonylcaffeine derivatives. 2939-41.

FASTON, N. R., GARDNER, J. H., & STEVENS, J. R. A new synthesis and confirmation of the structure of amidone. 2941.

JOHNSON, W. S., PETERSEN, J. W., & GUTSCHE, C. D. A new synthesis of fused ring structure related to the steroids; the 17-equilenones; a total synthesis of equilenin. 2942-55.

GRANICK, S., & MICHAELIS, L. Thionol and its semiquinone radical. 2983-6.

MÜLLER, O. H. Polarographic study with a microelectrode past which an electrolyte is flowing. 2992-7.

LEMON, H. W. The effect of alkali on the ultraviolet absorption spectra of hydroxyaldehydes, hydroxyketones and other phenolic compounds. 2998-3000.

RIVETT, R. W., & PETERSON, W. H. Streptolin, a new antibiotic from a species of Streptomyces. 3006-9.

JARVIS, F. G., & JOHNSON, M. J. The role of the constituents of synthetic media for penicillin production. 3010-7.

CAVALLITO, C. J., & KIRCHNER, F. K. The antibacterial principle of Arctium minus; the unsaturated lactone structure. 3030-2.

KUEHL, F. A., jr, FLYNN, E. H. [et al.] Streptomyces antibiotics; N-methyl-L-glucosamine. 3032-5.

MAY, E. L., MCSETTIG, E. Studies in the anthracene series; alkyl ketones derived from 1,2,3,4-tetrahydro-9,10-anthraquinone. 3036.

ADKINS, H., & PAVLIC, A. A. Hydrogenation of esters to alcohols over Raney nickel. 3039-41.

PEARL, I. A., & McCOY, J. F. Reactions of vanillin and its derived compounds; some esters of vanillic acid. 3071.

BRAKER, W., PRIBYL, E. J. [et al.] Substituted sulfanilamidopyrimidines. 3072-8.

WILDS, A. L., & CLOSE, W. J. The synthesis of 3-hydroxy-16-equilenone, a structural isomer of equilenin. 3079-83.

SKINNER, G. S., STOKES, A., & SPILLER, G. Condensations of α-alkyl- α-carbethoxy- γ-butyric lactones. 3083-6.

GARDNER, J. H., & STEVENS, J. R. Some urethans of phenolic quaternary ammonium salts. 3086-8.

WEINHOUSE, S., & MILLINGTON, R. H. Acetate metabolism in yeast, studied with isotopic carbon. 3089-93.

WITTCOFF, H., & MILLER, S. E. Hydroxylated stearic acids; action of Prévost's reagent on oleic and elaidic esters; evidence for configuration of the hydroxy acids. 3138.

SNYDER, H. R., & KATZ, L. The alkylation of aliphatic nitro compounds with gramine; a new synthesis of derivatives of tryptamine. 3140-2.

ATKINSON, E. R., & MITTON, P. B. The chlorination of anthranilic acid. 3142.

FENIMORE, C. P. The homegeneous reaction of nitric oxide and carbon monoxide. 3143.

PETERSON, D. H., COLINGSWORTH, D. R. [et al.] Evidence for the presence of streptothricin in streptolin culture filtrates. 3145.

WIAME, J. M. The metachromatic reaction of hexametaphosphate. 3146.

REXFORD, D. R., & WALLIS, E. S. Choline cholanate. 3148.

DUSCHINSKY, R., DOLAN, L. A. [et al.] Diamines; the synthesis of amino analogs of adrenaline, arterenol and ephedrine. 3150.

KESTON, A. S., UDENFRIEND, S., & LEVY, M. Paper chromatography applied to the isotopic derivative method of analysis. 3151.

J. Org. Chem., 1947, 12: No. 6 (Nov.)

SHEIBLEY, F. E. 6,8-Diiodobenzoyleneurea, and the interaction of 5,7-dihalogenoisatoic anhydrides with ammonia and with ethylamine; 3-ethyl-6,8-dihalogenobenzoyleneureas. 743-51.

PALIT, S. R. Electronic interpretation of organic chemistry; the role of solvent in determining reaction rate. 752-9.

LUTZ, R. E., BAILEY, P. S. [et al.] Antimalarials; some new secondary and tertiary arylmethylamines. 760-6.

LUTZ, R. E., & WILSON, J. W., III. Antimalarials; aliphatic amino ketones and alcohols. 767-70.

LUTZ, R. E., & SHEARER, N. H. Antimalarials; some piperazine derivatives. 771-5.

WILSON, J. W., III, LUTZ, R. E., & JORDAN, R. H. Antimalarials; some new long-chain aliphatic di-(amino alcohols) 776-80.

SMITH, G. F., & CAGLE, F. W., jr. The improved synthesis of 5-nitro-1,10-phenanthroline. 781-4.

FUSON, R. C., BAUMAN, R. A. [et al.] The synthesis of 5-hydroxy-8-nitroquinoline and certain of its derivatives. 799-806.

CAMPAIGNE, E., & REID, W. B., jr. Thiocarbonyls; the structure of difluoryl trisulfide and dibenzophenone trisulfide. 807-14.

MÜLLER, A. Dimeric propenyl phenol ethers; the formation of anthraquinone derivatives in the chromic acid degradation of diisohomogenol (1) 815-22.

DJERASSI, C. The method of molecular rotation differences applied to 3-keto steroids of the allo series. 823-30.

RAPOPORT, H., & SMALL, L. The Mannich reaction with dihydrocodeinone. 834-8.

SMALL, L., SARGENT, L. J., & BRALLEY, J. A. The phenyldihydrothebaines. 839-68.
